The road is currently chain-free but please make sure you are carrying chains. 2WD's will be parked in Car Park 4. When conditions are as good as this, things start to get tight on our road, car parks and shuttles. If you are driving up, please help everyone out by filling up the seats in you car. Low occupancy vehicles will be asked to park lower on the road to make the most effective use of our shuttles and to reward ride-sharing!
